CDC Algorithm for Presumptive Cases

Source: California Department of Health Services, STD Control Branch

¹ Mother not treated adequately or treatment unknown before or during pregnancy; or mother treated adequately before or during pregnancy, but evidence of treatment failure or reinfection.

² Mother treated adequately before or during pregnancy, but response was equivocal or could not be determined prior to delivery and infant was not evaluated.

 $^{^{\}rm 3}\,{\rm City}$ Health Department numbers are included in their respective county totals.
